Mission Statement

The Institute for Intellectual Discipleship exists to promote the cultivation and responsible use of the life of the mind by supporting a broad range of curricular and programmatic initiatives designed to advance the Christian intellectual tradition, to highlight the integration of faith and knowledge under the Lordship of Christ, and to equip Christians for lives of cultural engagement through informed, Christian reflection about crucial aspects of contemporary life.

Through a variety of programs and partnerships, both within Union University and in the community at-large, the Institute works to promote increased understanding of a Christian world and life view and its currency in the church, the academy, and society. Programs of the Institute include the Town and Gown Lecture Series, as well as periodic conferences and colloquia. In addition, the Institute provides administrative support for such curricular initiatives as interdisciplinary courses (UNI).
Course Offerings in University Studies (UNI)
( ) Hours Credit

201. Personalized Academic and Career Exploration (2) F, S
This course offers personalized academic and career exploration to promote student success. Students will gain a better understanding of the concepts dealing with life calling and career planning and achievement while gaining practical study strategies to enhance academic performance and critical thinking. This course explores individual and group personality types and interest inventories and offers practical training in personality preferences, study skills, learning styles, time management, reading speed/comprehension, and test-taking strategies. The information and resources covered in this course will serve as a foundation for student success for the student’s major and minor courses of study at Union University. This course is a part of the Institute for Intellectual Discipleship curriculum and can be taken as a elective, 2-hour course of study providing sound self-assessment, academic performance skills, and life calling and career research and exploration strategies. This course counts as a general elective.
