with your students and give them an edge on finals!

We offer delicious and nutritious snacks to fuel your student!

WE ARE ENACTUS!

Enactus is a student organization dedicated to serving Jackson through business principles learned in our own classrooms. We strive to build sustainable projects that reach out to the whole community not just the Union campus. We participate in competitions against other universities where we present our projects’ results. The money we receive from Student Care Packages goes directly to help us create and build projects. Thank you for your support!

Union University  1050 Union University Drive  Jackson, TN  38305
