Dear Student,

Welcome to Union University School of Pharmacy! You have selected one of the most challenging and rewarding careers available today to those who want to make a difference in the lives of others and the world around them. Our goal at Union is to prepare you to be a highly competent professional pharmacist with a commitment to service. You will receive the knowledge and skills necessary for being a key player in the rapidly changing healthcare environment of the 21st Century. As a graduate you will positively affect health outcomes for diverse individuals, families and communities in West Tennessee and throughout the world.

Pharmaceutical care is the responsible provision of drug therapy for the purpose of achieving definite outcomes that improve a patient’s quality of life. These outcomes may include curing a disease, improving the patient’s symptoms, slowing a disease process, or preventing a disease. Direct patient care and medication therapy management involve the process through which a pharmacist cooperates with a patient and other professionals in designing, implementing, and monitoring a therapeutic plan that will produce specific therapeutic outcomes for the patient. This in turn involves three major functions: identifying potential and actual drug-related problems, resolving drug-related problems, and preventing drug-related problems. Pharmacist patient care services are provided for the direct benefit of the patient, and the pharmacist is responsible directly to the patient for the quality of that care. Union University offers a Christ centered setting in which one examines these issues in light of a Christian worldview. The faculty at Union is committed to student centered higher education in which faith and learning are integrated.

The faculty members of the School of Pharmacy are experts and leaders in the field of pharmacy who represent the various specialties of the discipline. They are committed to providing creative learning strategies that take into account your life experiences and learning styles. These expert scientists and clinicians will be your mentors and professional role models. It is the desire of the faculty that each of you have a challenging and stimulating education that will prepare you for a successful and rewarding career in pharmacy.

As your Dean, I am delighted that you have chosen Union University’s School of Pharmacy as the first step in what will be a very fruitful career. You are among a group of academically qualified men and women with high moral and ethical values who will be an asset to the profession of pharmacy. It is my hope that you will enjoy success in your educational experience, develop lasting friendships, and have pride and commitment to Union University throughout your lifetime.

Sheila Mitchell, Pharm.D., FASHP
Dean, School of Pharmacy
Handbook Introduction

The Union Campus Life Handbook serves as the main university handbook. The School of Pharmacy Handbook serves as a supplement to the Campus Life Handbook. The Campus Life Handbook and School of Pharmacy supplement are not contracts. However, students are bound by the policies and community values listed in these student handbooks. The most recent handbook supersedes prior versions. Any changes to these handbooks after printing and before the new academic year will be sent to students via e-nouncements or email and will also be included as an addendum at http://www.uu.edu/studentservices/handbook and on the School of Pharmacy website.

Accreditation Disclosure Statement

Union University’s Doctor of Pharmacy program is accredited by the Accreditation Council for Pharmacy Education (ACPE), 135 South LaSalle Street, Suite 4100, Chicago, IL 60503, 312/664-3575; FAX 312/664-4652, web site www.acpe-accredit.org.

Complaints Submission to ACPE

Any student who wishes to submit a complaint regarding a potential violation of ACPE standards, policies or procedures may do so in writing at the following email address: csinfo@acpe-accredit.org.

Students wishing to view the Accreditation Standards and Guidelines for the Professional Program in Pharmacy Leading to the Doctor of Pharmacy Degree may visit https://www.acpe-accredit.org.

Statement of Mission and Vision

The mission of Union University is to provide Christ-centered education that promotes excellence and character development in service to Church and society.

Our Core Values

- **Excellence-Driven**: We believe that excellence, not mere compliance, is the goal of our teaching, our research, and our service. We are not motivated to excellence out of pride but out of a desire to do all things for God’s glory because He cares about our work and wants to be involved in everything we do. We will not be satisfied with mediocrity, but will pursue excellence in all things. This means our truth claims carry with them the challenge of living out that truth in the minutes and hours of our daily life. Thus we will pursue excellence, without arrogance.

- **Christ-Centered**: A cohering core value of our guiding vision is a call to faith, a call to be Christ centered in all that we are and in all that we do. We will seek to build a Christian liberal arts based community where men and women can be introduced to an understanding and appreciation of God, His creation and grace, and to humanity’s place of privilege and responsibility in this world. We will seek to establish all aspects of life and learning on the Word of God, leading to a firm commitment to Christ and His Kingdom. To be a Christ-centered institution calls for us to establish the priority of worship and service in the Christian life while seeking to develop a generation of students who can be agents of reconciliation to a factious church in a hurting and broken world. This commitment calls for all faculty and staff to integrate Christian faith in all learning and doing, based on the supposition that all truth is God’s truth and
that there is no contradiction between God’s truth made known to us in Holy Scripture and that which is revealed to us through creation and natural revelation.

- **People-Focused:** A third pillar on which we will build our common commitments is the core value of being people focused. At the heart of our commitment to being people focused is the visible demonstration of valuing one another. We will give honor to one another through our words and actions, and by committing to each person’s success. We therefore jointly commit ourselves to the success of Union University.

- **Future-Directed:** We will seek to maximize the windows of opportunity the Lord has presented to us to the greatest degree that resources allow. All of our resources and efforts must, by God’s grace, be maximized to fulfill our common mission. A commitment to being future directed means we want to have a short-term focus and a long term view. We want to involve ourselves in efforts that prepare us effectively to impact the world of the 21st Century.

The mission of the Union University School of Pharmacy is to develop compassionate, comprehensively trained practitioners who are equipped to meet the immediate and future demands of pharmaceutical science and patient care in an ever changing health care environment.

The vision of the Union University School of Pharmacy is to:

- provide a *Christ-centered* environment that focuses on the intellectual, spiritual, and moral development of students in committing themselves to the service and needs of society
- promote an *excellence-driven* academic culture that instills knowledge and advances understanding of biomedical, pharmaceutical, social/behavioral/ administrative, and clinical sciences
- develop pharmacy students as practitioners who are *people-focused* in providing optimum interdisciplinary care based on evidence and best-practice standards
- support an academic environment that fosters the *future-directed* growth of students and faculty as it relates to education, practice, research, and scholarship initiatives

The mission for Union University’s School of Pharmacy is established in congruence with the University’s core values (Christ-centered, excellence-driven, people-focused, and future-directed) and the standards found in the 2006 *Joint Commission of Pharmacy Practitioners (JCPP) Future Vision of Pharmacy Practice* vision statement noted in the *Accreditation Standards and Guidelines for the Professional Program in Pharmacy Leading to the Doctor of Pharmacy Degree*.

The faculty of the School of Pharmacy at Union University believes that a person is a unique individual, family or community in constant interaction with the spiritual, physiological, sociocultural, and professional environment. Persons are psychological, social, physical and spiritual entities with varying abilities to communicate and adapt. Societal mores, developmental level, values and beliefs influence the behavior of individuals, families and communities as they attempt to meet basic human needs.

Pharmacists are vital members of the health care system and are able to:

- Commit to care for and care about patients.
- Develop and maintain an in-depth knowledge of biomedical, socio-behavioral, administrative, pharmaceutical and clinical sciences.
- Apply evidence-based therapeutic principles, evolving sciences, and emerging technologies to contemporary pharmacy practice to provide patient care.
The educational process provides direction and guidance to meet the learning needs of the student and is formal and informal, structured and experiential. Learning is an active lifelong process and is facilitated when a variety of teaching modalities are used to accommodate different learning styles. Enhanced use of informatics and health care technology is included in the educational and clinical arenas.

Professional pharmacy education includes a broad knowledge of the arts and sciences. The faculty develops cognitive, affective and behavioral goals and objectives to measure student learning. Faculty members serve as role models, facilitators of learning and personal resources for students.

In keeping with the educational mission and purpose of the parent institution, the School of Pharmacy at Union University encourages the spiritual growth of each individual and upholds the Christian ethic of service in the pharmacy profession. To this end, the student’s curriculum provides a professional base to develop a pharmacy practice that is excellence driven and future directed.

**Statement of Nondiscrimination**

Union University does not discriminate on the basis of race, religion, gender, national origin or disability in its admission and progression of students. The University adheres to a Community Value Statement and expects all students to comply with the values of the University.

Admission and Prerequisite Coursework

Admission to the Union University School of Pharmacy is by committee action, based on the overall record and aptitude of the applicant. To be considered for admission to the school, applicants must be eligible for admission to Union University and complete all of Union University's pre-pharmacy requirements.

A grade-point average of 2.75 or greater on a 4.0 scale is required for pre-pharmacy coursework with a grade “C” or higher for each required pre-pharmacy course. The overall academic average for all courses completed must not be less than 2.5 on a 4.0 scale. All candidates are required to take the Pharmacy College Admission Test (PCAT). Three references must also be submitted. An on-site interview is required as a part of the admission process; a writing sample will be required as a part of the interview process. Interviews are conducted by invitation only. While there is a deadline of March 1 of the year in which admission is desired, applicants are encouraged to apply early, as space is limited, and applications will reviewed on a rolling basis throughout the year until the class is filled. The School of Pharmacy admits only one class per year.

Admission to the School of Pharmacy requires the completion of pre-professional coursework, as follows:

<table>

</tr>
</tbody>
</table>

Union University students will follow either a Chemistry or Biology track with additional coursework required for the terminal degree.

Notes:
Courses that will increase the strength of the applicant’s candidacy include biochemistry, immunology, genetics, and a second semester of physics.

*For all science, calculus or statistics courses, the prospective pharmacy student should take courses which are suitable for science majors intending graduate study and should include laboratories when available. The calculus course(s) should include both differential and integral calculus.
+Elective courses must conform to the following distribution and requirements:
Humanities Electives include courses from arts, history language, literature, or philosophy.
Social Sciences Electives include courses from anthropology, economics, political science, psychology, or sociology.
General Electives may be taken in any area(s) the student desires (Christian studies, sciences, mathematics, humanities or social sciences).

It is also strongly recommended that candidates for a Doctor of Pharmacy program gain work experience in a pharmaceutical setting prior to application.

Total Hours: 150

* *Didactic electives can be taken at any time during the curriculum. Six hours of didactic electives must be designated at Board preparatory electives. Ten (10) elective hours are required (with up to 4 additional hours) for the Class of 2017*
Student Prerequisites for Experiential Education

Students must successfully complete all didactic courses scheduled before the beginning of each introductory or advanced pharmacy practice experience.

Administrative Requirements

A. **Registration with State Board of Pharmacy.** Students are not required to register with the Tennessee Board of Pharmacy. Because students may participate in pharmacy practice experiences in Mississippi, all students must register with the Mississippi State Board of Pharmacy prior to beginning advanced pharmacy practice experiences.

B. **Professional Liability (Malpractice) Insurance.** Proof of Liability Insurance is required by IPPE and APPE sites. Union University shall maintain liability insurance with a coverage minimum of $1,000,000 per incident and $3,000,000 aggregate. The University recommends that all students purchase professional liability insurance with a coverage minimum of $1,000,000 per incident and $3,000,000 aggregate.

C. **Medical Insurance.** Proof of medical insurance is required for all students prior to beginning experiential training. Coverage is available through Union University or through other sources. Proof of insurance may be in the form of a photocopy of the insurance card or policy. It is the responsibility of the student to immediately inform the Office of Experiential Education of any changes in medical insurance coverage.

D. **HIPAA/OSHA Compliance Training.** Union University adheres to all rules and regulations set forth by the Health Insurance Portability and Accountability Act (HIPAA). Students must complete annual HIPAA/OSHA training.

E. **Basic Life Support for the Health Care Provider.** Current certification in Basic Life Support for the Health Care Provider is required for all students prior to beginning professional practice experiences. Documentation may be in the form of a photocopy of the course completion card.

F. **Criminal Background Check.** Union University requires that all students submit to an annual criminal background check. Union will also make a reasonable inquiry as to the status of each student by reviewing the HHS/OIG List of Excluded Individual/Entities or the General Services Administration’s List of Parties Excluded from Federal Programs.

G. **Urine Drug Screens.** All students must submit to an annual urine drug screen. Students may also be asked to submit to random urine drug screens at any time.

Health Requirements

A. **Measles (rubeola), Mumps, Rubella.** Students must provide proof of immunization for measles (rubeola), mumps and rubella or of a positive titer.

B. **Chicken Pox (varicella).** Students must provide official documentation of a history of chicken pox (varicella) or positive titer.

C. **Hepatitis B.** Students must provide proof of Hepatitis B immunization or immunity, documented by a physician.

D. **Tuberculin Skin Test.** Proof of a negative tuberculin skin test is required annually. Students having a positive PPD test cannot participate in pharmacy practice experiences until they demonstrate lack of an active case or present evidence that they are currently undergoing treatment.

E. **Influenza.** Union University strongly encourages all students to receive an annual influenza vaccine. Some institutions will not allow students who have not received the influenza vaccine to participate in patient care activities.
Financial Information

Tuition is $29,990 for the 2013 – 2014 academic year. Fees are $1800 per year. Full payment for a term (Fall, Winter, Spring, Summer Semesters or other non-regular terms) is expected at the time of registration for classes. All accounts must be paid in full by the last day of class in order for you to register for the following semester.

Additional Costs
1. Books will cost approximately $300 per semester for Years 1-3 and are available for purchase from LifeWay Christian Stores.
2. Students must pay for an annual criminal background check. The average cost for this service is ~ $150.
3. Graduation regalia must be purchased by the student. The average cost is ~$80.

Federal Stafford Loan
The Stafford loan application process will require that you:

1. Complete and forward the FAFSA (Free Application for Federal Student Aid) to the federal government with Union University’s code of 003528.
2. Complete and return the Union Graduate Application for Financial Assistance to the Office of Student Financial Planning.
3. Complete the Stafford Master Promissory Note and Graduate Entrance Counseling on studentloans.gov.
4. For more information, contact the Financial Aid Office at 731-661-5015.

If Federal Stafford loan is not approved and available at the time of registration, the student must assume the cost by paying in full by check, cash, credit card, or FACTS.

Acceptance Deposits
The Doctor of Pharmacy requires a $1000 tuition deposit. This deposit is non-refundable if the student elects not to enroll.

Refund Policies
The School of Pharmacy will handle tuition and fee refunds on a case-by-case basis. When possible, all final decisions will be made by the School of Pharmacy Dean. For other outstanding issues, the Dean will delegate final decisions to the University Business department.
Oath of a Pharmacist

The revised Oath was adopted by the AACP House of Delegates in July 2007 and has been approved by the American Pharmacists Association.

"I promise to devote myself to a lifetime of service to others through the profession of pharmacy. In fulfilling this vow:

- I will consider the welfare of humanity and relief of suffering my primary concerns.
- I will apply my knowledge, experience, and skills to the best of my ability to assure optimal outcomes for my patients.
- I will respect and protect all personal and health information entrusted to me.
- I will accept the lifelong obligation to improve my professional knowledge and competence.
- I will hold myself and my colleagues to the highest principles of our profession’s moral, ethical and legal conduct.
- I will embrace and advocate changes that improve patient care.
- I will utilize my knowledge, skills, experiences, and values to prepare the next generation of pharmacists.

I take these vows voluntarily with the full realization of the responsibility with which I am entrusted by the public.”

Code of Professionalism

Professionalism is defined as “the conduct, aims, or qualities that characterize or mark a profession or a professional person." This concept is woven through everything that we do as pharmacists. At Union University, our goal is for our graduates to be distinctly different. For this reason, professionalism is of the upmost importance and ties directly to the mission and vision of our great University. This document will serve as the foundation that students of the School of Pharmacy will follow.

The mission of the Union University School of Pharmacy (UUSOP) is to develop compassionate, comprehensively trained practitioners who are equipped to meet the immediate and future demands of pharmaceutical science and patient care in an ever changing health care environment.

The vision of the Union University School of Pharmacy is to:

- provide a Christ-centered environment that focuses on the intellectual, spiritual, and moral development of students in committing themselves to the service and needs of society
- promote an excellence-driven academic culture that instills knowledge and advances understanding of biomedical, pharmaceutical, social/behavioral/ administrative, and clinical sciences
- develop pharmacy students as practitioners who are people-focused in providing optimum interdisciplinary care based on evidence and best-practice standards
- support an academic environment that fosters the future-directed growth of students and faculty as it relates to education, practice, research, and scholarship initiatives
Characteristics or tenets of professionalism have been previously described in work published by the American Pharmacists Association (APhA)\(^2\) and the American College of Clinical Pharmacy (ACCP).\(^3\) Examples of these characteristics and how they align with our four guiding core values are described below.

- **Christ-centered**
  - Honesty and integrity: display honesty and integrity in all that you do
    - Maintain proper classroom and experiential learning behavior
    - Be responsible for completion of your own work
    - Preserve patient confidentiality
    - Utilize ethics and morality in decision-making
  - Respect for others: treat others as you would want to be treated
    - Treat patients, peers, faculty, preceptors, and other health-care providers as people
    - Demonstrate empathy, compassion and respect for privacy in all patient-provider interactions
    - Listen attentively and without judgment

- **Excellence-driven**
  - Dedication and commitment to excellence: strive for excellence and assume responsibility for your learning and professional development
    - Commit to life-long learning and betterment of one’s self
    - Engage in a variety of continuing education opportunities
    - Be willing to learn from others and from one’s own mistakes

- **People-focused**
  - Altruism: make an unselfish commitment to serve the best interests of the patient above your own
    - Recognize the patient is the priority
    - Understand that doing the best for others often means a sacrifice of one’s own desires or time
    - Advocate for patients and for the profession
  - Professional presence: instill trust through professional presence
    - Recognize that professionalism extends beyond the classroom and work environment
    - Commit to maintaining appropriate dress in the work environment
    - Maintain an enthusiastic and caring attitude in any setting where one represents the profession

- **Future-directed**
  - Professional stewardship: actively participate and engage in classes, organizations, and other worthwhile endeavors in the profession of pharmacy
    - Lead by example through local, state, and national pharmacy organizations as students and practitioners
    - Identify a mentor, both in school and in practice
    - Contribute to the betterment of the profession by sharing your work
    - Contribute to the betterment of your local community through service activities
Code of Ethics for Pharmacists

The pharmacy profession has a long tradition of respect and trust by the general public. As health professionals, it is important that pharmacists maintain the highest standards of honesty, integrity and ethical behavior. Pharmacy students are expected to acquire not only the knowledge and skill required to become experts in drug therapy but also the professional attitudes, ethics and behaviors necessary to adhere to the Code of Ethics for Pharmacists as adopted by the American Pharmacists Association in 1994. These principles include:

**Preamble:** Pharmacists are health professionals who assist individuals in making the best use of medications. This Code, prepared and supported by pharmacists, is intended to state publicly the principles that form the fundamental basis of the roles and responsibilities of pharmacists. These principles, based on moral obligations and virtues, are established to guide pharmacists in relationships with patients, health professionals, and society.

**I. A pharmacist respects the covenantal relationship between the patient and pharmacist.**
Considering the patient-pharmacist relationship as a covenant means that a pharmacist has moral obligations in response to the gift of trust received from society. In return for this gift, a pharmacist promises to help individuals achieve optimum benefit from their medications, to be committed to their welfare, and to maintain their trust.

**II. A pharmacist promotes the good of every patient in a caring, compassionate, and confidential manner.**
A pharmacist places concern for the well-being of the patient at the center of professional practice. In doing so, a pharmacist considers needs stated by the patient as well as those defined by health science. A pharmacist is dedicated to protecting the dignity of the patient. With a caring attitude and a compassionate spirit, a pharmacist focuses on serving the patient in a private and confidential manner.

**III. A pharmacist respects the autonomy and dignity of each patient.**
A pharmacist promotes the right of self-determination and recognizes individual self-worth by encouraging patients to participate in decisions about their health. A pharmacist communicates with patients in terms that are understandable. In all cases, a pharmacist respects personal and cultural differences among patients.

**IV. A pharmacist acts with honesty and integrity in professional relationships.**
A pharmacist has a duty to tell the truth and to act with conviction of conscience. A pharmacist avoids discriminatory practices, behavior or work conditions that impair professional judgment, and actions that compromise dedication to the best interest of patients.

**V. A pharmacist maintains professional competence.**
A pharmacist has a duty to maintain knowledge and abilities as new medications, devices, and technologies become available and as health information advances.

**VI. A pharmacist respects the values and abilities of colleagues and other health professionals.**
When appropriate, a pharmacist asks for the consultation of colleagues or other health professionals or refers the patient. A pharmacist acknowledges that colleagues and other health professionals may differ in the beliefs and values they apply to the care of the patient.
VII. A pharmacist serves individual, community, and societal needs. The primary obligation of a pharmacist is to individual patients. However, the obligations of a pharmacist may at times extend beyond the individual to the community and society. In these situations, the pharmacist recognizes the responsibilities that accompany these obligations and acts accordingly.

VIII. A pharmacist seeks justice in the distribution of health resources. When health resources are allocated, a pharmacist is fair and equitable, balancing the needs of patients and society.

Professionalism at Union University

As further described in the Adult Community Values Statement, Union University upholds the highest standards of honesty. Pharmacy students must exhibit academic behaviors consistent with professional expectations. The things students choose to do in and out of the classroom should reflect a strict adherence to a professional code of ethics. Pharmacy students must protect their patients' confidentiality and commit to preparing themselves to provide pharmaceutical care to the best of their ability. They must also demand high professional standards from their peers, as they are preparing to be colleagues in a life-saving profession. For this reason, pharmacy students cannot tolerate academic misconduct of any kind — this would undermine what society expects of them as professionals. Professionalism requires pharmacists to assure that their peers in the field are behaving in society’s best interest. Therefore, it is critical that students not only exhibit ethical behavior but that they develop skills in confronting unethical actions among their colleagues as well.

This Code of Professionalism was constructed in consideration of these principles. It defines expectations of student conduct in, and relating to, the classroom, the laboratory, and the Experiential Education Program. It dictates a responsibility on the part of students and faculty to ensure ethical academic and professional behaviors, and it outlines procedures for dealing with allegations of misconduct.

Academic Misconduct Violations

Dishonesty of any sort, including cheating (giving or receiving aid on a test or other work that is required to be performed independently) and plagiarism, will not be tolerated. Plagiarism is defined as copying more than six consecutive words verbatim or more than two sentences that reflect the original author’s phrasing, sentence structure, or meaning. Academic misconduct is a violation of the Code of Professionalism. Violations of the Union University School of Pharmacy Code of Professionalism related to academic misconduct include but are not limited to the following:

- Violating any course, experiential education, or other program syllabi, policies, regulations, or guidelines
- Feigning an illness to avoid taking an exam
- Reviewing a stolen copy of an exam
- Stealing or selling an exam
- Copying/photographing or memorizing the content and/or answers of exams in courses and passing them on to future test-takers
- Submitting plagiarized work
- Fabrication of information or literature citation
• Submitting the same, or substantially similar, work to satisfy requirements for a course that has been submitted in another course without prior permission of the instructor
• Knowingly reporting false laboratory, research or patient data
• Altering, or attempting to alter, a grade in a course
• Altering, or attempting to alter, an official form or record, or submitting an official form or record known to be false
• Placing other students at an unfair academic disadvantage (e.g., taking actions to prevent other students from having access to academic information)
• Failing to protect patient or practice site confidentiality
• Retaliating against those who make an allegation of a Code of Professionalism infraction
• Knowingly making a false allegation of a Code of Professionalism violation against another student
• Failing to report another student for known violation of the Code of Professionalism
• Violation of other applicable University policies, regulations or guidelines, or relevant federal, state or local laws
• Any other conduct or activity that tends to compromise academic integrity or subvert the educational process

Professional Behavior Misconduct Violations

Violations of the Union University School of Pharmacy Code of Professionalism related to professional behavior misconduct include but are not limited to the following:

• Purposely falsifying applications, forms (including but not limited to immunization records and criminal background checks) or records prior to admission or while enrolled at Union University
• Knowingly producing false evidence (or rumors) against another person or providing false statements or charges in bad faith against another person
• Knowingly publishing or circulating false information (including but not limited to use of email, social media, or other technology) concerning any member of Union University’s faculty, staff, student body members or members of the community
• Contributing to, or engaging in, any activity which disrupts or obstructs the teaching, research or experiential programs of the School of Pharmacy or Union University, either on the campus or at experiential rotation sites
• Verbally threatening or purposely committing physical violence (including but not limited to sexual harassment) against any member of Union University’s faculty, staff, student body members or members of the community
• Misusing or misrepresenting one’s status as a pharmacy student or the right to use any Union University property and facilities
• Engaging in any facet of pharmacy practice prior to graduation unless under the direct supervision of a licensed practitioner or otherwise allowed by law
• Use, possession, or participating in the trafficking of illegal drugs or substances
• Possession, use, purchase, or distribution of alcoholic beverages on campus
• Unauthorized accessing or revealing of information about faculty, staff, or students of the School of Pharmacy, or patients/clients, that is private or confidential
• Failure to adhere to School of Pharmacy dress code(s)
• Using offensive language, gestures or making inappropriate remarks to faculty, staff, students, or members of the community
• Maligning the character of Union University’s faculty, staff, students or members of the community
• Failure to attend required lectures, laboratory sessions, experiential rotations, group sessions or examinations
• Failure to comply with a request, written or verbal, of an authorized Union University faculty (including adjunct faculty) or staff member
• Using a cell phone (including texting) or other electronic devices during class or on experiential rotation, unless approved by course instructor or preceptor (Cell phones must be on silent mode during class and on experiential rotation. If the student has a special situation that will require use of their phone, they need to inform the professor at the beginning of class.)
• Eating during class times or laboratory sessions (unless an approved function of the UUSOP)
• Failure to meet requirements in place to progress in the curriculum including, but not limited to, receiving immunizations, obtaining intern license, and passing background checks
• Violating any laws of the local, state, national and international governments
• Failure to properly report known violations of the UUSOP Code of Professionalism

Responsibilities for Students
Students who believe that academic or professional misconduct has taken place are obliged to bring their concerns to the attention of the instructor for the course or other faculty or administration of the school as may be appropriate. Anonymous accusations of misconduct will not be considered. Code of Professionalism Misconduct Reporting forms can be found on the School of Pharmacy website, http://www.uu.edu/programs/pharmacy/studentlife/InfractionReportingForm.pdf.

Responsibilities for Faculty
Faculty are responsible for encouraging professional conduct. They are to make every effort to provide physical conditions that deters cheating. They are to be aware at all times of activity in the testing area. If the instructor believes that academic misconduct has occurred, the faculty member may report potential academic misconduct to the Professionalism Committee, which may lead to further sanctions up to and including dismissal from the pharmacy program and expulsion from the University. Potential violations of the UUSOP Code of Professionalism should be reported to the Assistant Dean of Student Services. The Assistant Dean of Student Services will determine if the violation will be heard by the Professionalism Committee.

**Student Dress Code**

Demonstrating professionalism as a student is very important in the classroom and in the community. If for religious, medical or cultural reasons there is a need to deviate from the stated policy, the student must make a request to the Assistant Dean of Student Services in writing, and be willing to provide requested documentation in support of the request. Written approval from the Assistant Dean of Student Services will be granted where appropriate.

**Casual attire** is appropriate in the classroom environment. Clothes or accessories that should not be worn include the following:

- Hats, caps or head wraps/scarves
- Skirts or dresses which are tight or shorter than one inch above the knee
- Skirts with splits up to one inch above the knee
- Provocative or revealing tops including spaghetti strap shirts, tube/tank tops, halter tops, or low cut blouses. Ladies’ sleeveless shirts should extend to the shoulder.
- Frayed or torn jeans
- Sweatshirts, sweatpants, spandex or other exercise attire
- T-shirts (Exceptions: UUSOP T-shirts or sweatshirts may be worn on Fridays.)
- Scrubs (Exceptions: Scrubs may be worn on Physical Assessment or Gross Anatomy labs days only. Open-toed shoes are not permitted in labs.)
- Sunglasses

Any violation of the casual attire dress code should be reported to the Assistant Dean of Student Services. The first casual dress code violation will result in a warning. A second violation will result in a full Professionalism Committee hearing. Any violation of the UUSOP casual dress code may result in the student being dismissed from class in order to go home and change.

**Professional attire** is required for all pharmacy practice experiences, introductory and advanced, as well as didactic lab sessions (exception: Pharmaceutics lab) and the Applied Therapeutics course. Students are required to wear a clean, long-sleeve, waist-length white lab coat and nametag identifying them as a student pharmacist. Personalized embroidery is not allowed on student white coats. If deemed necessary by a particular institution, the student must wear any institution specific name badge as well.

Men should wear a dress shirt and tie and socks with dress shoes. Women should wear a knee-length or longer dress, blouse with slacks or knee length or longer skirt. Perfumes or cologne should not be worn as many individuals and patients may be offended by or allergic to the fragrance. Jewelry should be conservative - no dangling earrings or clanging bracelets. Fingernails must be clean, short and neatly trimmed. Avoid “loud” polish colors and artificial nails, tips or wraps.

Clothes or accessories that should not be worn include the following:

- Hats, caps or head wraps/scarves (unless worn for religious purposes)
- Shorts (casual or dress) or skorts
- Skirts or dresses which are tight or shorter than one inch above the knee
- Skirts with splits up to one inch above the knee
- Provocative or revealing tops including spaghetti strap shirts, tank tops, tube tops, halter tops, or low cut blouses. Ladies’ sleeveless shirts should extend to the shoulder.
- Jeans or denim pants (in any color)
- Sweatshirts, sweatpants, spandex or other exercise attire
• T-shirts (as the outer shirt)
• More than one pair of earrings for women. No earrings allowed for men.
• Any body piercing (including tongue rings)
• Any body art which is visible
• Tennis shoes, sandals or any open-toed shoes. Crocs are not permitted due to the risk of potential injury from accidental needle-sticks, dropped vials, etc.
• Sunglasses

If a preceptor/site has established a stricter dress requirement, students are expected to abide by those standards. If the preceptor/site has a more relaxed dress code, the student may abide by those standards.

Students dressed inappropriately on experiential rotations may be sent home to change. Students may be required to make up the time lost at the site at the convenience of the preceptor. Violations should be reported to the Director or Assistant Director of Experiential Education.

**Examination and Quiz Policy**

Unless otherwise specified in the course syllabus, the following policies will be in effect for all School of Pharmacy courses:

**Excused Absences**

Students missing an exam or quiz must notify the course coordinator by email or phone prior to the exam or quiz unless prohibited by serious illness or injury. In case of an illness, the student must provide a verified physician’s excuse, or an approved licensed designee, to the appropriate course coordinator on the day of the student’s return. Failure to provide prior notification and appropriate documentation of illness may result in a grade of zero on the missed exam or quiz. The format and rescheduling of make-up exams or quizzes are left to the discretion of the course coordinator or instructor. Make-up exams or quizzes must be taken within a time period as specified by the course coordinator.

For all other excused absences, permission must be obtained from the course coordinator (or Assistant Dean of Student Services in the case of professional meeting attendance) prior to the absence and appropriate evidence/documentation must be presented at the request of the course coordinator in order to make-up the missed exam or quiz.

**Unexcused Absences**

Unexcused absences or failure to notify the instructor prior to the examination or quiz will result in a grade of zero.

**Tardiness**

All students are expected to be present and on time for all exams and quizzes. Students will not be allowed to take an exam or quiz after the first student has completed the exam or quiz and left the room; the student will receive a grade of zero for the missed exam or quiz. No exams or quizzes will be rescheduled for reasons of tardiness. Students arriving late but before the first exam or quiz is completed must submit his/her exam at the end of the designated exam/quiz time. Compensatory time will not be given.
Exam Room
Students must:

- Maintain a decorum and demeanor that is consistent with accepted academic and professional standards
- Space themselves evenly in the exam room or sit in pre-assigned seats
- Leave all personal belongings (bags, books, notes, study aids, coats, purses, and any electronic devices) at the front or side of the exam room
- Turn off cell phones and store them with personal belongings at the front or side of the exam room
- Carry only pencils, pencil sharpener, and erasers to their seats
- Use only UUSOP approved, non-programmable calculators during an exam or quiz
- Not share calculators during an exam or quiz
- Not carry food with them to their seat (Drinks in a closed container are permitted.)
- Refrain from talking in the exam room
- Approach the proctor at the front of the exam room for questions related to typos or formatting. Student questions pertaining to exam content may not be answered by the proctors. Students are advised to make a note on the back of the exam for any content related issues
- Collect their belongings and quietly leave the exam room after completing the exam. Students will not be allowed to re-enter the exam room until after the end of the exam or quiz
- Not stand around and engage fellow students in a conversation in the hallway after exiting the exam room
- Not use the restroom after the exam has started (In case of an emergency, a faculty member of the same sex will escort the student to the restroom. The student must hand their test papers to the proctor before leaving the exam room.)

The Professionalism Committee strongly encourages students to keep their hands above the desk at all times. Not doing so is regarded as suspicious behavior and may be viewed as an attempt to cheat.

Online Resource and Social Media Policy\textsuperscript{8,9}

Online resources, including but not limited to blogs, email, chat rooms, and websites created specifically for student conversation and academic file-sharing (e.g., Scribd, Course Hero; from this point collectively referred to as online resources) have changed the landscape of graduate education in recent years. In addition, social networking sites such as Facebook, MySpace, LinkedIn, and Twitter (from this point collectively referred to as social media) have become very popular mechanisms for social interaction and communication. Professionals and professional students are using online resources and social media sites to assist with the learning process and to augment or maintain communication lines, a term referred to as “e-professionalism.\textsuperscript{8}” Recently, there has been a great focus on online communication and social media sites and the impact communication in such a public forum can have on the way health professionals are viewed. Employers are increasingly using internet search engines (Google, Yahoo, etc.) and social media sites to gain information on potential employees or resident candidates. While there are mechanisms in place to limit content seen on an individual’s online page, often these privacy settings are overlooked or not updated consistently, allowing for the unintentional access of personal information. To decrease the likelihood that a pharmacy student’s online page could be viewed as inappropriate or unprofessional, the following guidelines for online and social media use should be followed:
Guidelines for Appropriate Online Resource and Social Media Use

Accessible postings on online resources and on social media sites are subject to the same professional standards as any other personal interaction. The written nature, persistence and potential accessibility of these postings make them subject to particular scrutiny. By identifying themselves publically using online resources and social media, student pharmacists in the UUSOP are creating perceptions about the School, the University and the profession of pharmacy.

- Students must assure that all public content is consistent with the values and professional standards of the School and the profession. Public postings on social media may have legal ramifications. Comments made by students concerning patients, or comments where students portray themselves, other students, faculty or other colleagues in an unprofessional manner can be used by the courts or professional licensing boards.
- Students should not upload any School of Pharmacy instructor’s lecture notes, powerpoints, or exam or quiz questions to online resources or social media sites.
- Students should not ask faculty or staff members of the UUSOP to become their “friend” on any personal social media page. However, students are encouraged to friend the UUSOP Facebook page.
- Unprofessional public postings by others (non-UUSOP students) on a student’s social media can reflect poorly on the student. Students should monitor their sites and ensure that the content will not be viewed as unprofessional. This includes inappropriate content about a fellow classmate, staff or faculty member of the School of Pharmacy, or member of the Union University community.
- Students should avoid use of foul or offensive language.
- Postings, both photographs and written communication, should not violate the Union University Community Values Statement.

At all times, whether an action is intentional or otherwise, student pharmacists must be aware that the violation of legal statutes (e.g., HIPAA, etc.) and University and School policies and procedures in their online and social media activities may result in disciplinary action. Violations of such policies may result in the student appearing before the Professionalism Committee of the School of Pharmacy.

Attendance Policy

Classroom

Attendance in all class and laboratory sessions (if applicable) is mandatory and all material presented in class is considered essential and important for a pharmacy course. Any in-class exercises, quizzes or discussions that are missed due to an unexcused absence cannot be made up. Tardiness is considered to be an unexcused absence. A student is considered to be tardy if he/she arrives after the lecture or presentation has started. Attendance and timeliness in and to class is considered an important component of professionalism and is expected of Doctor of Pharmacy candidates. In the event of an emergency and/or an absence, prior communication is expected from all students.

Faculty reserve the right to apply the following policy regarding unexcused absences: For each unexcused absence, the student will lose one percentage point from his/her final average in the course. Additionally, a student with \( \geq 3 \) unexcused absences may incur a letter grade (10%) deduction to his/her final average in the course.

Students that are late for or miss an exam or quiz should refer to the Examination and Quiz Policy.
Professional Meetings and School of Pharmacy Activities

Student attendance at professional meetings is encouraged. Students should request approval in writing, from the Assistant Dean of Student Services (via Professional Meeting Attendance Request Form found on SOP website - [http://www.uu.edu/programs/pharmacy/studentlife/](http://www.uu.edu/programs/pharmacy/studentlife/)). This request should occur before contacting faculty or experiential education preceptors. If meeting attendance is approved, the Assistant Dean of Student Services will work in conjunction with the Office of Experiential Education when necessary. Students will be notified of the decision regarding meeting attendance and will be then be responsible for communication with the appropriate faculty and preceptors. Any meeting request during the experiential component of the curriculum should be submitted so that a decision can be made in time so that communication with the preceptor can occur prior to or at the beginning of the rotation.

Students may be excused from rotations to attend School-related functions or professional meetings. However, attendance does not eliminate the required achievement of learning objectives. Students may be expected to make up time missed at the preceptor’s convenience.

Experiential Education

Please refer to your Experiential Education Manual for specific language regarding attendance during IPPEs and APPEs.

Disciplinary Action

Sanctions for Code of Professionalism infractions should be commensurate with the violation(s). In determining the appropriate sanction(s) in a specific case, the Professionalism Committee may take into account any mitigating circumstances and any aggravating factors including, but not limited to, past misconduct by the student, failure of the student to fully comply with previous sanctions, and the severity of the conduct that constituted the violation. Sanctions for students found to be in violation of the Code of Professionalism more than once are expected to be severe, up to and including dismissal from the program when appropriate. A student may receive more than one of the following sanctions for a single incident imposed or authorized by the Assistant Dean of Student Services upon the direction of the Professionalism Committee (and approval of the Academic Standing and Promotion Review Committee for suspensions or dismissals) when a student is found to be in violation of the Code of Professionalism.

- **Formal written reprimand:** As directed by the Professionalism Committee, the Assistant Dean of Student Services shall issue a written letter of reprimand to the student. This letter will remain in the student’s permanent record.

- **Community service:** The student may be required to engage in community service for a specified period of time. As directed by the Professionalism Committee, the Assistant Dean of Student Services shall issue a written letter to the student outlining the expected duration and type of community service, as well as the timeframe and mechanism for reporting the completion of this service to the Professionalism Committee.

- **Removal from office:** Students may be ineligible to represent the School or University in any official function or leadership position for any amount of time period deemed by the Professionalism Committee. As directed by the Professionalism Committee, the Assistant Dean
of Student Services shall issue a written letter regarding loss of leadership privileges to the student.

- Conduct or disciplinary probation: The student may be placed on probation for a specified period of time. This action may also involve the loss of specific privileges. Further violation of University or UUSOP policies, regulations and guidelines during the probationary period will be viewed not only as a violation based on the act itself but also as a violation of probation, which may result in further action up to and including suspension or dismissal. As directed by the Professionalism Committee, the Assistant Dean of Student Services shall issue a written letter of probation to the student.

- A failing or lowered grade on an assignment: As directed by the Professionalism Committee, the Assistant Dean of Student Services shall issue a written letter authorizing the course coordinator to implement this sanction and forward a copy to the student.

- A failing or lowered grade in a course: As directed by the Professionalism Committee, the Assistant Dean of Student Services shall issue a written letter authorizing the instructor of the course to implement this sanction and forward a copy to the student.

- Suspension: As authorized by the Professionalism Committee and approved by the Academic Standing and Promotion Review Committee, the Assistant Dean of Student Services shall issue a written letter of suspension to the student. Suspension is a sanction that terminates the student’s enrollment opportunities in the School of Pharmacy for a specified period of time. Satisfactory completion of specified stipulations may be required for re-enrollment at the end of the suspension period.

- Dismissal: As authorized by the Professionalism Committee and approved by the Academic Standing and Promotion Review Committee, the Assistant Dean of Student Services shall issue a written letter of dismissal to the student. Dismissal is a sanction which permanently separates a student from the School of Pharmacy without the opportunity to re-enroll in the future.

- Restitution: Repayment to Union University or to an affected party for damages resulting from a violation from this Code of Professionalism. As directed by the Professionalism Committee, the Assistant Dean of Student Services shall issue a written letter regarding restitution to the student.

- Other Sanctions: The Professionalism Committee may impose other appropriate sanctions singularly or in combination with any of the above-listed sanctions.

All notifications of sanctions imposed on the student shall be delivered via any of the following means: in person, first class or certified mail, or e-mail to the student’s e-mail address. All instances where a student comes before the Professionalism Committee will be noted in the student’s permanent file.

Students have the right to due process as outlined in the Union University Campus Life Handbook and School of Pharmacy Supplement to the Campus Life Handbook.
Report received by Assistant Dean of Students; pertinent information related to the allegation is gathered. Chair of Professionalism Committee is consulted and allegation of misconduct is thoroughly reviewed to determine if allegation requires a full hearing with Professionalism Committee.

- **Allegation does not require a full hearing with PC**
  - Case closed

- **Need for full hearing PC is determined**
  - No charge
    - Case closed
  - Student charged
    - Student appeals PC decision in writing to SOP Dean*
    - Student accepts PC decision
    - SOP Dean upholds PC decision
      - SOP Dean overturns PC decision
        - Case closed
    - SOP Dean upholds PC decision
      - SOP Dean upholds PC decision
        - Case closed

*The decision made by the SOP Dean is final. Exception - Students dismissed from the program may appeal beyond the SOP Dean to the University Graduate Appeals Committee. Refer to the University Campus Life Handbook.
Code of Professionalism References

Criminal Background Checks Policy

The Union University School of Pharmacy requires all students to submit to a criminal background check prior to admission to the Doctor of Pharmacy program and annually thereafter. Students must pay for the annual criminal background checks. The average cost for this service is ~ $150. This background check is conducted to help ensure a safe clinical environment for both students and the public and to meet the contractual requirements of training sites. The School will also make a reasonable inquiry as to the status of all students by reviewing the HHS/OIG List of Excluded Individuals/Entities or the General Services Administration’s List of Parties Excluded from Federal Programs. The School understands that pharmacies cannot provide training for any student who is determined to be an ineligible person on the federal government’s Office of Inspector General and General Services Administration exclusion list.

Students found to have a positive criminal background check must submit their complete criminal background report to the Director of Experiential Education for review. Any student with a felony conviction is not eligible for experiential education training. Therefore, any student with a felony conviction will not be admitted to the School of Pharmacy or will be immediately expelled from the School of Pharmacy if already admitted.

Students with a misdemeanor conviction prior to admission or following admission must submit a written explanation of the criminal charges to the Director of Experiential Education. The criminal
background report and the written explanation will be reviewed by the Academic Standing and Progression Committee. A recommendation will be made on an individual basis. The Committee will submit the recommendation to the Dean, who will make the final decision including admission candidacy or continued enrollment. Any enrolled student with a misdemeanor conviction may be removed from courses, pending the decision of the Dean.

Computer Policy

The School of Pharmacy at Union University does require that all incoming pharmacy students own a laptop. A laptop computer is necessary as you will be traveling to various clinical learning experience sites in your 3rd and 4th years. The laptop will also be required in various courses throughout the curriculum. Personal laptops must have Microsoft Office. See www.uu.edu/it/help/software.cfm for discounts and details.

Union students can get a discount from most computer manufacturers. The student must tell the sales representative that they are a student at Union University. General purchasing recommendations can be found at www.uu.edu/it/help/hardware.cfm.

- **Technology Overview:** Union University provides each student with filtered Internet access, an e-mail account (an official means of university communication), online access to grades, and access to research databases. These resources can be accessed on or off campus. Also see www.uu.edu/it/training/accounts.cfm
  - **Getting started:** To use your computer accounts, you need to change your default password now. Do that using the top QuickLink at www.uu.edu/it
  - **Public website:** See www.uu.edu/it for all your IT needs
  - **Private services:** Sign into https://portal.uu.edu for private resources including your grades, financial information and more. To learn how to sign in, see www.uu.edu/portal
  - **Mobile devices and UU e-mail:** To connect your smartphone or tablet to your Union e-mail account, see www.uu.edu/it/training/newstudents.cfm#18

- **Computer Labs:** The main student labs with approximately fifty Windows workstations are located in the Penick Academic Complex (PAC) across from the Library. These computers have all of the necessary software required for general academic use, including Microsoft Office (Word, Excel, PowerPoint, etc.). There is also a laser printer available for academic needs. The helpdesk in the lab area is staffed during posted lab hours. Lab hours can be found at www.uu.edu/it/help/labhours.cfm. For password problems, how-to questions, lab hours, etc., call use http://ithelp.uu.edu, help@uu.edu or 731-661-HELP. There are additional computers available for student use located in the Providence Hall Drug Information Center.

- **Wireless:** Wireless network/internet access is available in all academic buildings and in the Student Union Building.

- **Security Software:** See www.uu.edu/it/help/software.cfm#free for free antivirus software and www.uu.edu/it/help/hardware.cfm#8a for tips on keeping your computer running well.

- **Support:** If you have problems with your laptop, there are local stores that can provide troubleshooting and repair services for a fee. Also see www.uu.edu/it/help/hardware.cfm#9 to learn where you can get help with your personally-owned computer.

- **Union University's Acceptable Use Policy:** www.uu.edu/it/policies/aup.cfm
Inclement Weather Policy

Didactic Education
The responsibility for closings and for declaration of Snow Day schedules rests with the President, with his seeking counsel as he desires. The first word in Union University closings will be made on the Info Snow Dawg Line. The Info Snow Dawg Line may be reached at (731) 661-5048 and will be updated as soon as a decision is made. Additionally, the following radio and television stations will be notified:

- **Bolivar:** WMOD
- **Brownsville:** WTBG
- **Humboldt:** WHMT/WLSZ
- **Dyersburg:** WTRO/WASL
- **Savannah:** WORM
- **Trenton:** WTNE/WWEZ
- **Memphis:** WMC-TV, WHBQ-TV, WREG-TV, WPTY-TV
- **Jackson:** WBBJ-TV, WNWS, WWYN, WYNU, WTJS/WTNC, WWGM, WAMP, WHHM, WZDQ, WFKY

The notification will be made to stations by 6:00am of the day, and persons should listen until 6:30am for announcements. Announcements will be made only of closings or Snow Day Schedules, with the assumption that classes meet and offices will be open unless notified to the contrary.

Students who sign up for UU texting alerts will receive snow closing information via text message. If the University closes or opens on a delayed schedule, the School of Pharmacy will follow the University schedule (e.g. University opens at 9am for faculty/staff, begins classes at 10am – the SOP will do the same). The Assistant Dean of Student Services will communicate to all students via email regarding the adjusted classroom schedule for pharmacy students.

Experiential Education
In the event of inclement weather, the preceptor will determine any change in the student’s schedule. Experiential Education schedules will not be determined by Union University classroom schedules. Each preceptor should review the site’s inclement weather policy and student attendance and timeliness expectations.

Preceptors are asked to be cognizant of the driving distances to and from the site for students. If inclement weather ensues during the day, the preceptor should use discretion in determining if the student should be dismissed early.

Preceptors should also make reasonable accommodation for those students who, due to unavoidable weather circumstances, cannot reach the rotation site. In the event that a student cannot reach the rotation site due to inclement weather, the student should promptly notify the preceptor. Failure to notify the preceptor may result in an unexcused absence.

If inclement weather extends beyond one (1) day during an introductory pharmacy practice experience or two (2) days during an advanced pharmacy practice experience, the student may be required to make up hours. The decision to require make up work or hours is at the discretion of the preceptor and the Director or Experiential Education.

For further information, please refer to the Experiential Manual.
ADA / Accommodations Policy

Any student with a documented disability needing academic adjustments or accommodations is encouraged to speak with the course instructor immediately at the beginning of the semester. The student is responsible for applying for accommodations through the Office for Disability Services. All information disclosed during this process will remain confidential. No accommodations can be given without first registering with the Office for Disability Services. To contact Jon Abernathy, Director of the Office for Disability Services, email jabernathy@uu.edu or call (731) 661-6520. The office is located in Penick Academic Complex, Hallway F, Room 19.

If a letter of accommodations is granted from the Office for Disability Services, the student is required to send a copy of the letter to the Assistant Dean of Student Services. The Assistant Dean will then share the letter with the appropriate faculty members on the student’s behalf. The student is responsible for communicating directly with course coordinators regarding the use of accommodations, before each quiz or exam. Failure to communicate either verbally or in writing with the course coordinator in a timely manner may result in loss of accommodations privileges for a particular quiz or exam.

Communications Policy

E-mail
E-mail is the official method of communication to be utilized by faculty and students of the School of Pharmacy. Students are responsible for checking Union University email daily and will be held accountable for all information transmitted in this fashion.

Faculty Appointments
Due to complexity in scheduling, students must email or call faculty members to make an appointment. All students are expected to enter the Pharmacy Administration Suite and use the Office Suite phone to call the faculty member regarding arrival for a scheduled appointment or to request a drop by visit, pending faculty availability.

Drug Screening Policy

The Union University School of Pharmacy requires all students to submit to a urine drug screen on admission to the Doctor of Pharmacy program and randomly, but not less than annually, thereafter. This drug screen is conducted to help ensure a safe clinical environment for both students and the public and to meet the contractual requirements of training sites.

Students with a positive drug screen must submit a written explanation of the results to the Director of Experiential Education. Students testing positive for prescription medications must provide proof of the prescription. The results of the drug screen and the explanation of the results will be reviewed by the Director of Experiential Education, who will make a recommendation regarding admission or progression to the School of Pharmacy Dean, who will make a final decision regarding admission or continued enrollment.

Students testing positive for an illegal substance must submit a written explanation of the results to the Director of Experiential Education. The results of the drug screen and the explanation of the results will be reviewed by the Director of Experiential Education, who will make a recommendation regarding
admission or progression to the School of Pharmacy Dean, who will make a final decision regarding admission or continued enrollment.

Decisions regarding all positive testing will be handled on a case-by-case basis. All decisions will be made in congruence with the University Student Alcohol and Drug Testing Policy, which can be viewed at http://www.uu.edu/studentservices/accountability/testingpolicy.cfm.
Academic Guidance and Mentoring

Upon admission to the School of Pharmacy, the student will be assigned to a pharmacy faculty member who will serve as their advisor. In order to provide our students the best opportunity for academic success in a timely manner, students are required to meet with their assigned faculty advisor following any exam on which they make a “C” or less. The advisor and student will determine (with aid from the teaching faculty member or course coordinator) a plan for success via individualized student services. This may occur through individualized discussions with the faculty member or the student being given additional resources to study.

Academic Standards and Grading

Academic Standards: Requirements for Progression, Probation, Dismissal and Graduation

Progression

In order to progress to the next academic year, students must successfully complete all didactic and experiential coursework with a grade of “C” or better and meet established grade point average (GPA) requirements as outlined below. Any course in which remediation is necessary must be successfully completed during either the January or summer terms prior to the next academic year (as determined by prerequisite requirements). Conditions of remediation will be determined by the Course Coordinator upon approval of remediation by the Academic Standing and Progression Review (ASPR) subcommittee as outlined in the remediation policy.

Students who serve as a class officer or student organization officer must successfully meet all academic progression requirements. Failure to do so will result in the student’s removal from the elected/appointed position. Students may resume involvement in student leadership positions once the probationary period has ended.

Probation

Academic probation will be imposed upon a student when the student's academic performance meets any of the following conditions:

1. The cumulative grade point average earned at the conclusion of any semester, including the first semester, is less than 2.33.
2. A single semester GPA of \( \leq 2.00 \).
3. A student receives a grade of "F" in any required course. Additionally, students with outstanding deficiencies in the professional curriculum (incomplete or "F") may not attend courses in the next semester without affirmative action by the ASPR subcommittee.

The period of academic probation includes the semester immediately following successful completion or successful remediation of the deficient course, or the semester immediately following an earned cumulative GPA of less than 2.33. Each semester that the student meets conditions for probation will count as a separate probationary period.

Dismissal

A student will be subject to a dismissal recommendation when any one or more of the following conditions are met:

1. A period of probation is imposed for a second time and the cumulative grade point average is less than 2.33. These probationary periods do not have to be sequential semesters.
2. A period of probation is imposed for a third time, regardless of the cumulative grade point average.
3. A student who receives two or more grades of "F" in required courses, regardless of the cumulative grade point average.

Students who meet any of the above criteria will be contacted by phone or email regarding the need to come before the ASPR subcommittee. The ASPR subcommittee will make a decision on the student’s case. Depending on the subcommittee decision, the action will be communicated to the student during the meeting or by certified mail and/or email.

ASPR Appeal Process
Students may appeal any academic action rendered by the ASPR subcommittee to the Associate Dean of Academic Administration, who serves as ASPR subcommittee chair. The appeal must be submitted in writing (email is acceptable), within five business days of receipt of notification of action. The ASPR subcommittee will review the student’s appeal and issue a written response within five business days upon receipt of the initial appeal. The student may appeal the second ASPR decision to the Dean of the School of Pharmacy. The appeal must be submitted in writing (email is acceptable), within five business days of receipt of notification of action from ASPR. The Dean will review the student’s appeal and issue a written response within five business days upon receipt of the second appeal. Should the student wish to appeal the Dean’s decision, subsequent appeals should follow the process outlined in the Campus Life Handbook.

In the event a student is appealing dismissal from the School of Pharmacy following the Dean’s final decision, the appeal should be submitted to the University Graduate Appeals Committee and proceed from there. Refer to the University Campus Life Handbook.

Introductory (IPPEs) and Advanced Pharmacy Practice Experiences (APPEs)
It is expected that all students will complete the introductory (IPPE) and advanced pharmacy practice experiences (APPEs) in a manner consistent with the expectations of the program and the profession. Failure of an IPPE/APPE may occur either at the conclusion of the IPPE/APPE, when performance or behavior is deemed to be inadequate for attainment of a passing score, or at any point within the clerkship, when the student’s performance or behavior is judged to threaten the health and welfare of the patients or is found to be significantly below the curricular expectations of a student. Students failing two IPPE/APPEs will be subject to dismissal from the School. The student may appeal this dismissal as outlined above.

Failure of a completed IPPE/APPE
In the event that a student fails a completed IPPE/APPE based on the evaluation of the assigned preceptor, the Director or Assistant Director of Experiential Education will be notified and documentation of the student’s performance reviewed by the student and the Director or Assistant Director of Experiential Education. The student’s schedule of IPPE/APPEs will be rearranged based on the availability of experiences and preceptors to accommodate the need to repeat a required clerkship or select another elective opportunity. The failure will result in academic probation for the student regardless of existing GPA. Failure of one additional IPPE/APPE may result in dismissal from the School.

Failure prior to completion of an IPPE/APPE
In the event a student’s performance and/or behavior (e.g., violation of the Code of Professionalism) during an IPPE/APPE is significantly below the level expected, the preceptor must document concerns and discuss them with the student. This includes situations where it is felt that the student’s continuation on the rotation may threaten the health and welfare of patients seen within the practice,
or the student’s behavior is unprofessional/inappropriate. Additionally, the Director or Assistant Director of Experiential Education will be notified and documentation of the student’s performance will be reviewed.

If, in the preceptor’s estimation, the student’s performance departs significantly from expected standards, the preceptor may summarily remove the student from the IPPE/APPE permanently with a failing grade for that experience, and the student will be placed on academic probation regardless of existing GPA.

A student may appeal the removal in writing to the Director or Assistant Director of Experiential Education within five business days of preceptor action. A student may not progress to another IPPE/APPE until action has been taken by the Office of Experiential Education.

**Graduation**

An applicant must have completed all degree requirements to receive their Doctor of Pharmacy degree. Additionally, they must comply with the following conditions:

1. Completion of the coursework for the Doctor of Pharmacy with a minimum cumulative grade point average of 2.33.
2. Didactic and experiential courses in which an "F" is received must be successfully repeated.
3. File an application for graduation with the UUSOP Office of Student Services and the Academic Center.
4. Pay in full the student’s account balance with the UUSOP and the University Business Office.
5. Discharge all other obligations (fines, credentials, fees, etc.) at the University.

**Academic Standards: Grading**

Course grades will be based on the total points accumulated from all exams/quizzes etc. relative to the maximum points attainable. Assignment of letter grades will be based on the following grading scale:

<table>
<thead>
<tr>
<th>Score</th>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>90-100</td>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>80-89</td>
<td>B</td>
<td>3</td>
</tr>
<tr>
<td>70-79</td>
<td>C</td>
<td>2</td>
</tr>
<tr>
<td>&lt; 70</td>
<td>F</td>
<td>0</td>
</tr>
</tbody>
</table>

The letter grade, which appears on the student’s transcript, will be determined from the final course percentage grade. This percentage will be calculated out to one decimal point; any score ≥ 0.5 will be rounded up to the next whole number and any score < 0.5 will be rounded down to the next whole number (e.g., 79.5% = 80% = B; 69.4% = 69% = F).

To determine the GPA, the quality points earned are divided by the semester hours attempted. The grade of P (pass) will not be included in the GPA, but the credit will be included in the hours for graduation.

**Academic Recognition at Graduation**

Student graduates with a final GPA of greater than 3.50 will be recognized during graduation exercises based on the following GPA ranges:

- 3.500-3.666: Honors
- 3.667-3.833: High Honors
- 3.834-4.000: Highest Honors

38
Remediation Policy

Remediation is defined as the correction of a deficiency, secondary to course failure that does not involve the retaking of a course. Remediation will only be allowed twice during the course of the pharmacy program and will occur during the January or summer term. IPPEs/APPEs cannot be remediated.

Didactic

For students who meet defined criteria, the ASPR subcommittee will consider allowing remediation and the opportunity to continue progression through the curriculum despite setbacks in required didactic courses. The following courses cannot be remediated and therefore, must be repeated: IPPEs, APPEs, introductory and advanced didactic electives. Students will be charged for remediation or retake of any course during the didactic or experiential component of the curriculum.

Process for Remediation

The ASPR subcommittee will communicate with the Course Coordinator regarding the feasibility of remediation. Students should not discuss remediation with the Course Coordinator prior to the meeting with ASPR. The student will be notified of an academic deficiency and the need to come before the ASPR subcommittee by phone or email. The ASPR subcommittee will make a decision on the student’s case. Depending on the subcommittee decision, the action will be communicated to the student during the meeting or by mail and/or email.

Students have the right to appeal the decision made by ASPR as outlined in the ASPR Appeal Process section above.

Qualifications for Remediation

Remediation will be considered if the student meets the following criteria:

1. The student has a final percentage average ≥ 59.5%. Students whose average is below 59.5% may be required to repeat the course in its entirety.
2. The student’s semester grade point average is ≥ 2.00 and overall academic grade point is ≥ 2.33 on a 4 point scale.
3. The student must have no academic misconduct violations.
4. The student must not have remediated more than once previously.

In addition to the above noted criteria, students must also acknowledge and agree to the following:

1. The objectives and course content will be determined by the Course Coordinator and may include all original objectives and content or may be a section or specific module of the original course or an alternative course determined by the Course Coordinator. The delivery or format methods for the remedial course will be at the discretion of the course instructor(s) and/or Course Coordinator(s) and may include a variety of options.
2. Course assessments are likely to be different from those used in the original course and are up to the discretion of the course instructor or coordinator. Options may include:
   - Single comprehensive examination in which the student must receive a course grade of ≥69.5%. (A score of <69.5% may result in the student having to repeat the original course in its entirety.)
   - Other course instructor-designed assessments with a score of ≥69.5%.
3. Agree to keep all appointments with faculty and meet all deadlines with the understanding that failure to do so could result in failure of the course.

4. Agree to pay the appropriate tuition and fees, with no opportunity for a refund.

5. Failure in this remedial course will count as failure similar to any other course with respect to the student’s official transcript, calculation of the cumulative grade point average, and academic standing.

6. Both course grades will appear on the transcript and will be used in calculation of the student’s cumulative grade point average. Academic standards are in place and failure a second time in the course(s) may have serious consequences and may result in dismissal from the program.

7. Remediation is not a guaranteed right of the students and should be regarded as a privilege, which must be earned by a student through active participation in the educational program as demonstrated by regular class attendance, individual initiative, and utilization of available academic resources. Students should recognize that the need to remediate coursework may delay the timetable for their graduation from the Pharmacy program.

Further Student Appeals
If a student wishes to appeal beyond what is outlined in the above policies, he/she should refer to the academic grievance procedures outlined in the University Campus Life Handbook.
Chapel and Spiritual Life

Chapel is one of the distinctive features of the Christian college and is for the strengthening of faith in God, for instruction, and for the enrichment of the spiritual life of the total university family. Chapel attendance is not mandatory for pharmacy students. However, pharmacy students are invited to participate, as well as in other spiritual activities including activities sponsored by Campus Ministries.

Opportunities for Student Involvement

Students who wish to serve as a class officer or student organization officer must successfully meet all academic progression requirements and maintain a 2.75 GPA. Failure to do so will result in the student’s removal from the elected/appointed position for the remainder of that academic year.

CAMPUS

Pharmacy Student Government
As decided and approved by majority vote by the inaugural class of 2012, each pharmacy class will have its own governing body. Bylaws have been established and must be followed by all classes.

Offices include an Executive Council consisting of a President, Vice-President, Secretary and Treasurer. Duties for each officer are clearly articulated in the Pharmacy Student Government Bylaws. Other leadership opportunities include:

- Intramural Chairman (male and female)
- Social Chairman
- Class Counselor

Student Committees
Student representatives will either be elected or appointed to serve on various School of Pharmacy committees. For election, the student must write an essay (one page, single spaced, 12 pt font) describing his/her reasons for wanting to serve on that specific committee. All essays must be turned into the Assistant Dean of Student Services by the assigned date to be eligible for faculty review. The Honors and Awards Committee will review all essays and cast a vote regarding appointment. Students may write an essay for more than one committee. Students who serve on faculty committees are expected to serve as the communication link back to his/her respective class.

Committee opportunities and faculty chairs are listed below:

<table>
<thead>
<tr>
<th>Committee</th>
<th>Chair</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assessment/Evaluation Committee</td>
<td>Dr. Ashok Philip</td>
</tr>
<tr>
<td>Admissions Committee</td>
<td>Dr. Blake Watkins</td>
</tr>
<tr>
<td>Student/Faculty Relations Committee</td>
<td>Dr. Kim Lindsey</td>
</tr>
<tr>
<td>Curriculum Committee</td>
<td>Dr. Jodi Taylor</td>
</tr>
<tr>
<td>- Experiential Learning Subcommittee</td>
<td>Dr. Mark Stephens</td>
</tr>
<tr>
<td>- Information Services Subcommittee</td>
<td>Dr. Andrew Martin</td>
</tr>
<tr>
<td>Scholarship Committee</td>
<td>Dr. Sean King</td>
</tr>
</tbody>
</table>

The timeline for committee service is as follows: Students currently serving on committees have the option to continue as members of their respective committee from the initial year of service through the student’s fourth year. New members will be elected/appointed to faculty committees in the Fall of the
academic year. Students serving as class President or Vice-President will be automatically appointed to the Student/Faculty Relations committee.

**Student Ambassadors**
Pharmacy Ambassadors assist the Office of Admissions by giving campus tours, meeting with prospective students, and serving as School of Pharmacy representatives at University and community functions such open houses and recruitment fairs. Students interested in becoming a Pharmacy Ambassador should see Aven Humphreys in the Office of Admissions.

**University Wide Intramurals**
Pharmacy students and faculty are encouraged to participate in campus wide intramurals. Some options include: Football, Softball, Soccer, Volleyball, Basketball

**LOCAL**

**West Tennessee Pharmacists Association (WTPA)**
WTPA serves as an organization to provide information and continuing education for West Tennessee pharmacists and technicians. Members represent the majority of counties in West Tennessee with the exception of Shelby County. Student membership is free and they are invited to attend all meetings. If dinner is served at the educational meeting, students may have to pay for the meal. There are approximately six to eight meetings per year.

**STATE**

**Tennessee Pharmacists Association (TPA)**
Each year, pharmacy faces unprecedented legislative challenges at the state and national levels. Ensure that your voice is heard, through membership in the Tennessee Pharmacists Association, the collective voice of pharmacy in Tennessee. Benefits of membership include:

- News and information regarding matters that affect YOUR practice
- Opportunity to network with your professional colleagues and broaden your professional contacts and employment possibilities
- Membership in one of the societies related to your practice
- Full access to the TPA website ([www.tnpharm.org](http://www.tnpharm.org)), including the Members-Only pages with up-to-the-minute information, downloadable documents, links to other sites relevant to your practice, and more
- Access to TPA staff for answers to your questions
- Frequent e-mail updates to keep you informed regarding legislative, regulatory and health-care related issues
- Excellent continuing education opportunities - and preferred member registration rates for TPA and UT CE meetings
- Opportunities to support our aggressive advocacy efforts regarding current legislative issues at the State and National levels
- Frequent Legislative Bulletins with up-to-date information on pending legislation
- Discounted prices on several products, publications, and services
- Complimentary subscription to the quarterly Tennessee Pharmacist and monthly NEWStream
- Opportunities to talk with TPA leaders and exchange ideas about TPA activities
- Special professional and personal insurance programs through Pharmacists Mutual
• Opportunities to participate in the development of positions, policies and legislation affecting pharmacy practice in Tennessee
• Representation for pharmacists on governmental agencies, task forces, and national pharmacy organizations
• Full access to the Tennessee Pharmacists Recovery Network, providing assistance for pharmacists with drug or alcohol problems and advocacy for pharmacists in recovery

**Tennessee Society of Student Pharmacists (TSSP)**
**Advisor: Dr. Kim Jones**
Student pharmacists from all six Schools/Colleges of Pharmacy statewide come together via TSSP. This is the perfect opportunity to learn how pharmacy works in the state of Tennessee, meet and network with colleagues from other universities and gain leadership experience along the way. Union will always have two elected Members-at-Large and elected delegates to serve on TSSP Executive Council and in the House of Delegates, respectively. The office of TSSP President will rotate yearly among the six universities. Other pharmacy schools in the state of Tennessee include:

Belmont University School of Pharmacy, Nashville, TN
East Tennessee State University Bill Gatton College of Pharmacy, Johnson City, TN
Lipscomb University College of Pharmacy, Nashville, TN
South College School of Pharmacy, Knoxville, TN
University of Tennessee College of Pharmacy, Memphis, TN

**NATIONAL**

**American Association of Pharmaceutical Scientists (AAPS)**
**Advisor: Dr. Richard Addo**
Union University School of Pharmacy provides a professional and exciting learning environment in the field of pharmaceutical sciences. Our mission is to advance our knowledge and assume significant leadership positions within the field of pharmaceutical sciences. Our primary goal is to work closely with the department's faculty in an effort to advance our knowledge and learn about opportunities in the field. We spread the word about our chapter's existence and enlighten our peers of the opportunities that exist within this organization. We strive to be active in our community and encourage participation in the American Association of Pharmaceutical Sciences activities at the local, regional, and national level.

**American Pharmacists Association – Academy of Student Pharmacists (APhA-ASP)**
**Advisors: Drs. Melanie Michael and Bethany Murphy**
Union’s ASP chapter was established in the Fall of 2008 and formally accepted its charter at the APhA Annual Meeting in San Antonio, TX in Spring of 2009. Establishment of the chapter included creation and acceptance by majority vote of founding bylaws. All students are welcome to join and membership drives are held annually. Leadership opportunities include the following:

- President-elect – P1 year
- President – P2 year
- Vice-President – P2 year
- Membership Vice-President – P2 year
- Secretary – P2 year
- Treasurer – P2 year
- SPAN Liaison – P2 year
- Historian – P2 year
- Various Committee Chair opportunities – P1 – P4 year

**Christian Pharmacists Fellowship International (CPFI)**
**Advisors: Drs. Joy Greene and Ashok Philip**
Students will have the opportunity to participate in a monthly fellowship hour, led by students or faculty. Pharmacy faculty, staff and students are welcome to attend.

**National Community Pharmacists Association (NCPA)**
**Advisors: Mrs. Laura Ladymon and Dr. Kent Stoneking**
NCPA is dedicated to the continuing growth and prosperity of independent community pharmacy in the United States and serves as the national pharmacy association representing the professional and proprietary interests of independent community pharmacists. NCPA is committed to high-quality pharmacist care and to restoring, maintaining, and promoting the health and well-being of the public we serve.

**American Society of Health-System Pharmacists (ASHP) – Student Society of Health-Systems Pharmacists (SSHP)**
**Advisors: Drs. Kim Jones and Jodi Taylor**
The SSHP of ASHP will serve to educate students about the role of hospital pharmacy. The SSHP will be established in conjunction with leaders from Tennessee Society of Health-Systems Pharmacists (TSHP). Students interested in pursuing clinical practice and a residency would greatly benefit from membership in Union's SSHP. Student membership in SSHP is $20. Membership in ASHP is recommended and is $40.

**Phi Lambda Sigma (PLS)**
**Advisors: Drs. Mary Day and Andrew Martin**
The Gamma Sigma chapter of Phi Lambda Sigma was founded in 2009-2010. PLS is a leadership recognition society that serves to honor those who establish themselves as leaders in the profession. PLS membership is offered to a selective group of individuals that are selected by current student and faculty members. Membership is awarded in the P2, P3, or P4 year.

**Rho Chi**
**Advisor: Dr. Kim Lindsey**
The Rho Chi Society encourages and recognizes excellence in intellectual achievement and advocates critical inquiry in all aspects of pharmacy. The Society further encourages high standards of conduct and character and fosters fellowship among its members. Membership is awarded in the P2 or P3 year.

**Fundraising**

All solicitations should be approved by the Director of Pharmacy Outreach in the UUSOP Office of Student Services before any solicitation takes place. The School of Pharmacy does not approve individual fundraisers. The UUSOP Office of Student Services and the Office of University Relations reserve the right to approve both who can be solicited as well as the type of solicitation.

The UUSOP Office of Student Services and the Office of University Relations desires that every donor and potential donor be treated with the utmost of care and professionalism. Positive relationship...
management, based on Union's four core values, is the necessary foundation for fruitful gift solicitations.

For additional information regarding fundraising at Union, please see http://www.uu.edu/studentservices/organizations/policies.cfm#fundraising.

All items designed with the School’s name or logo, including but not limited to apparel, blankets, mortar and pestles, etc., should first be approved by the Director of Pharmacy Outreach in the UUSOP Office of Student Services before items can be presented for purchase.

**Printing and Copying**

Pharmacy students have access to a printer/copier in Providence Hall in the Drug Information Center. The Center door has a keypad lock. Students will be given the access code. This code should not be shared with non-pharmacy students. The door to the Center should not be left open at any time. Each student cohort will also have a printer access code that must be entered prior to fulfilling print requests.

Students may utilize printing services, located in the Student Union Building. Color copies can be made at $0.25 per copy; black and white copies at $0.05 per copy.

**Parking**

Pharmacy students should only park in designated areas during the workday (8:00 am – 4:30 pm). After 4:30 pm, students may park in faculty/staff parking, designated by blue markings. Student parking permits expire at the end of August each year. Returning students are responsible for updating vehicle information with the Office of Safety and Security (located in the Student Union Building) by August 31, in order to receive a new parking permit.
Adult Community Values Statement

I. WORTH OF THE INDIVIDUAL

We value the intrinsic worth of every individual. Our respect for other individuals includes an appreciation of cultural backgrounds different from our own, an understanding of different attitudes and opinions, and an awareness of the consequences of our actions on the broader community. (Luke 12:7 "But even the hairs of your head are all counted. Do not be afraid; you are of more value than many sparrows."); Galatians 6:1-2 “Brothers, if someone is caught in a sin, you who are spiritual should restore him gently, but watch yourself, or you also may be tempted. Carry each other’s burdens, and in this way you will fulfill the law of Christ.” NIV)

1. PERSONAL ABUSE
Personal abuse is defined as any behavior that results in harassment, coercion, threat, disrespect and/or intimidation of another person, or any unwanted sexual attention towards another person. This action may include any action or statements that cause damage or threaten the personal and/or psychological well-being of a person. Inappropriate narrative on a personal blog (e.g. myspace, facebook) may be considered personal abuse. Because of the intensive cohort nature of adult/graduate programs, and the expectation that students entering Union’s BSOL/graduate programs are mature adults, students demonstrating ongoing personal abuse with classmates or faculty will be asked to step away from the program for a semester and/or be dismissed from the program. There is an expectation of maturity, collegiality and professionalism in all programs.

2. SEXUAL IMPROPRIETY
Sexual impropriety includes but is not limited to participation in or appearance of engaging in premarital sex, extramarital sex, homosexuality, homosexual activities, or cohabitation. It is inconsistent with Union University values for a student to live with a non-related peer of the opposite gender, even if the relationship is not sexual.

3. PUBLIC DISPLAYS OF AFFECTION
Participation of inappropriate displays of affection in public areas of the campus.

4. PORNOGRAPHY
Pornography is defined as viewing, possession, purchase, or distribution of any pornographic materials in any form (magazines, photos, CD ROM, games, computer games, Web sites, etc.). Information Technology has a complete policy available for the appropriate use of the Internet and the University’s computers, www.uu.edu/it/policies/aup.cfm (Ephesians 5:1-5 “Be imitators of God, therefore, as dearly loved children and live a life of love, just as Christ loved us and gave himself up for us as a fragrant offering and sacrifice to God. But among you there must not be even a hint of sexual immorality, or of any kind of impurity, or of greed, because these are improper for God’s holy people. Nor should there be obscenity, foolish talk or coarse joking, which are out of place, but rather thanksgiving. For of this you can be sure: No immoral, impure or greedy person—such a man is an idolater—has any inheritance in the kingdom of Christ and of God.” NIV)

II. SELF-DISCIPLINE
We value personal responsibility and recognize the individual’s need for physical, intellectual, spiritual, social, and emotional wholeness. We value the full development of every student in terms of a confident and constructive self-image, of a commitment to self-discipline, and of a responsible self-expression. (Galatians 5:22-26 “By contrast, the fruit of the Spirit is love, joy, peace, patience, kindness, and self-control. There is no law against such things. And those who belong to Christ Jesus
have crucified the flesh with its passions and desires.” NIV)

1. ALCOHOLIC BEVERAGES
   The possession, use, purchase, or distribution of alcoholic beverages is prohibited on campus. The possession of empty alcoholic beverage containers and/or drug paraphernalia on campus is also prohibited. In addition, drunkenness at off campus functions and driving under the influence of alcohol are inconsistent with Union University values.

2. USE OR POSSESSION OF ILLEGAL DRUGS
   The purchase, possession, use, or distribution of drug paraphernalia or any substance of abuse is prohibited except under the direction of a licensed physician. A substance of abuse is any form of narcotics, hallucinogenic, sports enhancement or “street drug,” and any other controlled substances as defined by law. Local law enforcement may be called. In addition, Union University does not tolerate prescription drug misuse and abuse. The University has a zero tolerance policy for the use and possession of illegal drugs. For students in programs with clinical settings, please refer the discipline specific handbook for further guidelines about registration of prescription drug.

3. GAMBLING
   To play or game for money or other valuable stakes with the hope of gaining something significant beyond the amount an individual pays.

4. TOBACCO
   Realizing that the use of tobacco is harmful to health, Union University does not allow the use of tobacco in any form inside any of its facilities. In addition, the University strongly encourages individuals to respect themselves, others and the overall community enough to abstain from all tobacco use in any location. Union University is a smoke-free campus and smoking is not permitted. Smoking cessation classes are available for those wishing to quit an addiction.

III. ACADEMIC & PERSONAL INTEGRITY
   We value a campus community that encourages personal growth and academic development in an atmosphere of Christian influence. We affirm the necessity of both academic and personal standards of conduct that allow students and faculty to live and study together. We value the fair and efficient administration of these standards of conduct. (Proverbs 12:22 “The Lord detests lying lips, but he delights in men who are truthful.” NIV)

1. ACADEMIC INTEGRITY
   Union University upholds the highest standards of honesty. Students are to refrain from the use of unauthorized aids on examinations and all graded assignments, to refuse to give or receive information on examinations and all graded assignments and to turn in only those assignments which are the result of their own efforts and research. Faculty are to accept the responsibility for discouraging cheating. They are to make every effort to provide physical conditions which will deter cheating. They are to be aware at all times of activity in the testing area. Any student found guilty by the instructor of cheating will be subject to disciplinary action by the instructor. The instructor will file a report of the incident and the intended disciplinary action with the Program Director. If the student deems this action unfair, he/she may request a hearing before the Program Director and instructor. A written report of this hearing and decision will be retained by the Program Director. If either the student or faculty member involved deems the Program Director’s action unsatisfactory, he/she may request a hearing before the academic dean. The decision of academic dean is final.

2. PERSONAL INTEGRITY
   This is considered lying or committing fraud on any level.
IV. RESPECT FOR PROPERTY AND THE ENVIRONMENT

We value the rights and privileges of owning and using property, both personal and University, and the benefits of preservation and maintenance of property and of our natural resources. In our stewardship of property we recognize the accountability of our actions to the future Union community. (Exodus 20:15 “You shall not steal.”; Psalm 24:1 “The earth is the Lord’s, and everything in it, the world, and all who live in it.”; Genesis 2:15 “The Lord God took the man and put him in the Garden of Eden to work it and take care of it.”; 1 Cor. 4:2 “Moreover it is required of stewards that they be found trustworthy.” NIV)

1. LITTERING
   Intentionally throwing trash on the ground.

2. PROPERTY DESTRUCTION
   Actions that violate this Community Value include damaging, destroying, defacing (in any way) property belonging to others or to the University.

3. UNAUTHORIZED ENTRY
   This occurs when one enters into any University building, vehicle, office, gated parking lot, student room or window or onto any building without prior authorization.

4. STEALING AND POSSESSION OF STOLEN OR LOST PROPERTY
   This is defined as the unauthorized taking, borrowing and/or keeping of property belonging to the University or others.

5. SETTING A FIRE AND ARSON
   Deliberately lighting a fire.

6. POSSESSING FIREARMS, OR WEAPONS
   This is the possession, whether open or concealed, of any weapon (including, but not limited to paintball guns, slingshots and airsoft guns) that could be used to intimidate, scare, or harm others or possession of materials used to manufacture bombs, firearms, or weapons.

7. TAMPERING WITH FIRE SAFETY EQUIPMENT/INTERCOMS/NETWORK CABINETS
   Tampering with or removing emergency instruction sheets, fire alarms, fire extinguishers, exit signs, or other safety equipment puts others at risk of injury. Tampering with such equipment is strictly prohibited.

8. MISUSE OF UNIVERSITY E-MAIL/NETWORK
   Students are held responsible for abiding by the computer acceptable use policy found at www.uu.edu/it/policies/aup.cfm.

V. RESPECT FOR COMMUNITY AUTHORITY

We value our privileges and responsibilities as members of the University community and as citizens of the community beyond the campus. We value the community standards of conduct expressed in our system of laws and value the fair administration of those laws, including University, municipal, state and federal laws. (Romans 13:1, 2 “Let every person be subject the governing authorities; for there is no authority except from God, and those authorities that exist have been instituted by God. Therefore whoever resists authority resists what God has appointed, and those who resist will incur judgment.” NIV)

1. BREACH OF PEACE
   Breach of peace is any action which disrupts the peace or which endangers or tends to endanger the safety, health, or life of any person. It also includes the disruption of the functional processes of the University by individuals and/or organizations.
2. INSUBORDINATION
Failure to comply with a request, written or verbal, of an authorized University staff member constitutes insubordination. Failure to comply based on a difference of opinion is not an acceptable response.

3. BREAKING A CITY, STATE OR FEDERAL LAW
All students are required to abide by the laws of the local, state, national and international governments and are subject to judicial action at the hands of the University and/or law enforcement agencies. Formal charges, complaints or indictments by government entities are not prerequisite for University action under this section.
