DIRECT ADMISSION PROGRAM WITH LOUISIANA COLLEGE

The Union University College of Pharmacy has partnered with Louisiana College to offer direct admission to the Doctor of Pharmacy (Pharm.D.) degree program to interested undergraduate students. The purpose of the Direct Admission Program is to recruit highly qualified students early in their college careers and to streamline their admission to the Doctor of Pharmacy program at Union University.

Benefits

- The Direct Admission Program guarantees admission to the Union University College of Pharmacy (UUCOP), pending successful adherence to progression and matriculation criteria.
- Direct Admission students are not required to take the Pharmacy College Admission Test (PCAT).
- In some cases, undergraduate research opportunities may be available to qualified students.

Eligibility

Progression Criteria

To enter the Direct Admission program or to maintain eligibility:

- Conditional admission will be granted to Direct Admission students until the completion of the final undergraduate semester (contingent upon satisfactory spring courses).
- The UUCOP admits only one cohort per year in the fall.
- It is strongly recommended that candidates for the Direct Admission program gain work experience in a pharmacy setting prior to matriculation.

Other Admission Opportunities

If you do not qualify for admission to the PharmD program through Direct Admission, you may apply through the traditional method.
